## Sensory Play In Kids Education

SPIKE helps kids of all ages stay focused at school, work and home. It's easy to squeeze, massage, brush and twirl offering a therapeutic and calming tactile experience. SPIKE products are a great sensory/fidget tool for individuals with Autism Spectrum Disorder, Anxiety, Focusing issues, ADD, ADHD, Sensory Processing disorders and Tactile and Kinesthetic learners. SPIKE is great for students, teachers, parents, therapists and more.

- Quiet substitution for other sensory toys that can be a distraction in the classroom and/or cause damage to clothes, school equipment and more.
- Durable soft spikes provide tactile stimulation as a tactile or sensory brush and are calming and therapeutic through sensory stimulation.
- Made with 100% food grade silicone, they are hypoallergenic, nontoxic, and BPA-, phthalate-, latex-, and odor-free. Antibacterial silicone is easy to clean and can be sterilized for deep cleaning.
- All SPIKE products have been tested and meet or exceed all CPSIA, Canadian and EU standards.
- Made in South Korea.

### SENSORY FISH (Ages 3+)

- Dual Textured: One side has soft, short bristles, and the other has longer and even softer bristles to provide two different sensory experiences.
- Eye hole allows fish to be easily attached to carabiner, hooks and more.
- Finger can also be looped through hole for additional sensory feedback. Great for classroom, home, bath and more.

### GRIPPERS/TOPPERS (Ages 6+)

- Turn pencils and more into fidget/sensory tools!! SPIKE adds weight to #2 pencils providing additional sensory feedback to the hand while writing. In turn, it helps to strengthen fingers.
- SPIKE Grippers add girth to pencils making it easier for fingers to comfortably grip and write with pencils, pens and more. They can also be put on carabiners, breakaway necklaces, spoons and more to create endless sensory tools.
- Mix and match for endless fun!
